

75 años de Tracción Delantera en España CLUB DE AFICIONADOS CITROEN TRACCIÓN DELANTERA DE MADRID

Dear fellow Traction enthusiasts:

We are contacting you to advise you of an event we are organising over the weekend of 23, 24 and 25 of October in Toledo.

25 years ago in 1984, we celebrated the 50th anniversary of the Citroën Traction, an event organised on that occasion by Citroën Hispania between the city of Madrid and Chinchón. Over 90 vehicles took part in this event, which incorporated a drive through the centre of Madrid followed by a run out to Chinchón where the cars were displayed. It is many years since so many examples were seen together in Spain.

Barely a month ago, we returned from an international gathering in the French city of Arras where over 1100 vehicles attended from 17 different countries including 9 from Spain in representation of Spanish enthusiasts. The reception we received was fantastic and friendships were established, particularly with participants from France, the United Kingdom and Portugal, who indicated their enthusiasm to participate in a Traction event which we proposed to organise in Spain.

We are aware that many owners of this classic vehicle were not able to attend the event in Arras for all sorts of reasons, and that is why we would like to arrange a celebration of the 75th anniversary of the Traction in Spain. We must recognise the importance of this event. It is not a typical gathering in which we participate from time to time in which different classic vehicles participate, it is the celebration of the 75th anniversary specific to this model, of which it is difficult to get together so many examples and so many different variants at the same time.

Furthermore, we will have the benefit of a presentation in which the complete range of models produced during its production life will be identified and analysed.

Under these circumstances, we ask all those who share our enthusiasm for the Traction to pass the word round to other enthusiasts you may know, that this event is taking place. No-one should be unaware of the dates, and all those that wish to participate will be most welcome. Our club is at your disposal to help you in any way make it possible to attend the event and we appreciate anything you can do to help us make it a success.

With our sincere best wishes.

Alberto Albero Jiménez de Castro
Coordinador del 75 aniversario Tracción Delantera
